

History

Experienced, Trusted, Committed

For over 60 years, Ascension companies Pan American and Walter L. Clark's depth of experience has made us the partner of choice across a wide range of industries. We work extensively with long haul trucking companies across California to service all of their loss control needs

We've visited your fleets, heard your stories, and connected with you, to build long-term relationships. We listen carefully, assess your exposures, and design risk management and insurance programs tailored to your location, product and employees.

Trucking Safety Training & Resources

Our loss control team can customize a service and training plan that fits your needs. All of the following loss control services can be provided on-site or in a classroom setting, at little, to no, additional cost.*

Driver Retention

- Accident review by peers
- Safety Incentives Plans
- Discipline Action Plans
- Effective Communication Training (Management, drivers, dispatch and employees)

Driver Selection

- Pre-employment screening-holistic approach
 - Integrity Testing
 - Drug Testing
 - Motor Vehicle Record Management
 - Local Knowledge/Peers
- Discussion of vendors and costs of testing
- "On Deck" Driver Prospecting

Driver/Equipment Operator Training

- Defensive Driving Classes
- Objective active and passive driver observations
- Forklift and loader operator training
- Accident initial actions, loss mitigation and reporting
- First response training (Accidental spills and other pollution issues)

Regulatory Services

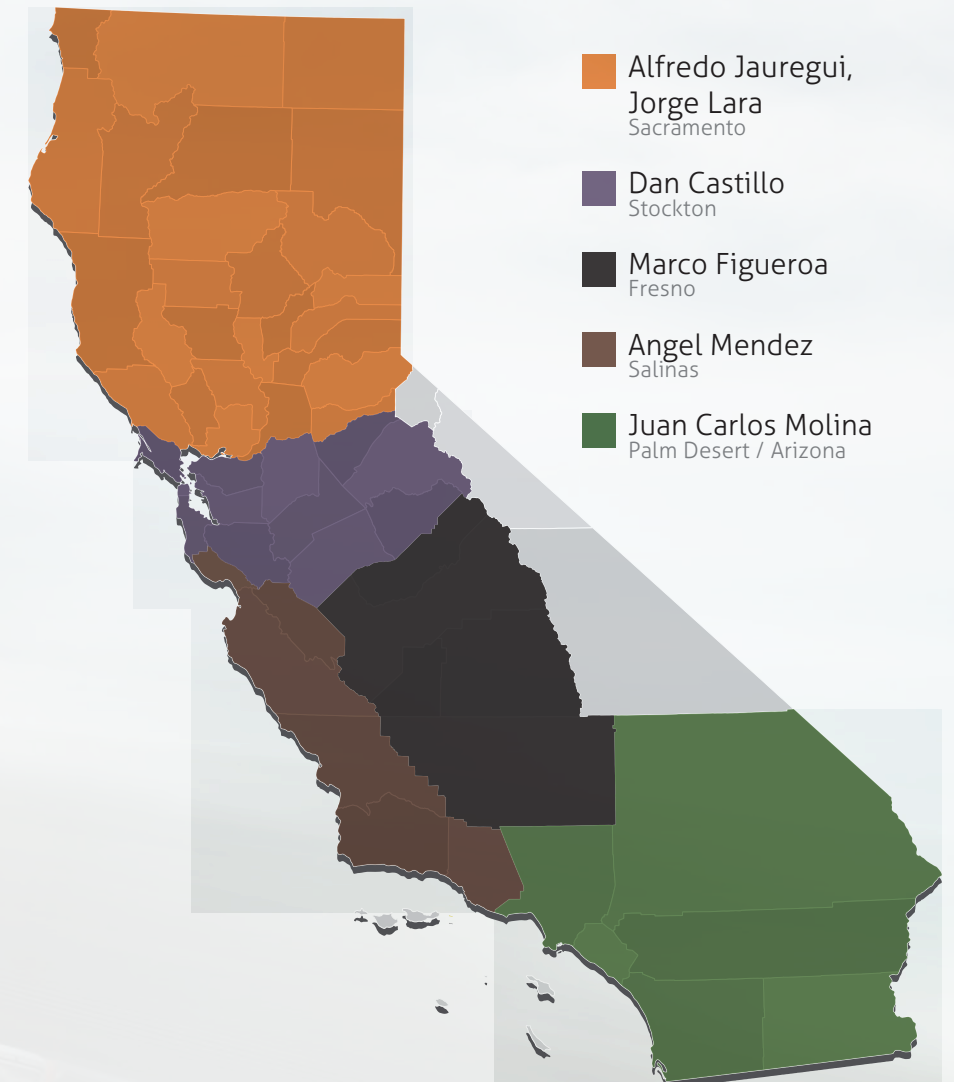

- Mock DOT Audits
- OSHA 10 + 30 hour Training
- Mock OSHA citation and fine negotiations
- CSA (Compliance, safety, accountability) review
- CERCLA (comprehensive, environmental, response, compensation and liability act) review

*Cost of the certificate

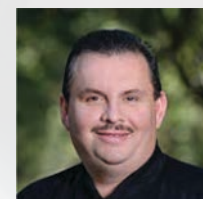

Why Ascension?

Incidents in the workplace play a critical role in profitability and bottom line cost in your Workers' Compensation cost. We can help you recognize hazards and implement corrective actions before injuries even occur by understanding your business, evaluating current safety programs, performing loss analysis, and undertaking field and facility visits. We focus on the key issues you face so we can guide you through implementation of the programs you'll need to create excellent results.

In addition to having extensive trucking backgrounds, members of our bilingual team average 16 years of insurance industry experience. We work closely with our carrier partners and stay up to date with the ever-changing laws and regulations that impact your business.
